THE CITY BONDS SOLD.

They Bring the Required Premium of Twentyfive Thousand Dollars.

The recent issue of \$330,000 in bonds divided into three series, \$240,000 for paving, \$60,000 for sewers and \$50,000 for school buildings, were sold yesterday at private sale to Blair & Co. of New York for \$375,000, thus bringing the \$25. 000 premium that was demanded by the finance committee when the bonds were offered at public sale on August 22, the highest premium then offered being \$12,200.

The sale yesterday was made through Mr. N. S. Meldrum, representing Blair

& Co., and the mayor and finance committee, a check for \$3750, being I per cent of the figure at which the sale was made, being put up as carnest money to guarantee the purchase. The representatives of the city are very much gratified over the sale. Blair

SIGNIFICANT CONFERENCE AT CAPITOL

Cabinet Meeting Was Soon to Have Been Held to Determine Duties and

the navy department is preparing to have a ressel there on short notice.

Some important issues have grown out of the tremble in Colombia, which are rightly to require the attention of the president and his cabinet and it was stated that a cabinet meeting was to have been seen within a week, possibly at Cleveland, where the president was going to attend the Grand Army of the Republic encampuent. Owing to the increasing complication along the frames of Panama, it has become desirable to determine the exact duties and responsibilities of the United States. This has become desirable to determine the exact duties and responsibilities of the United States. This has presented the issue whether our treaty with Colombia makes and Fine United States a guaranter of the Colombian sovereignty ever the entire isthmus, some 409 miles from ent to end, or conduct our guaranty to free transit across that particular point in the islibants where every other trathe is usually carried on. The distinction is an important case as determining the extent of territory covered by the guarantee of our treaty and whether warships are likely to go to points outside of Panama and Colon, the termini of the usual roots.

Socialist Organizer Says He Was Cruelly

New York, September 6.-Hippolyte Lam bert, a naturalized American citizen, who says he has for years been traveling through Central and South American coun tries organizing socialist clubs among workingmen, returned to the United States today on the Cirde line steamer New York. Lambert told a story of alleged ernel treat ment by Venezuelans and says his case will be brought to the attention of the state department at Washington. According to Lambert he arrived at Caracas on May 20. last, and registered at the United States ensulate on July 15; he obtained employment in a private family at Caracas as rested by the prefect and a squad of police. He protested that he was guilty of no wrong, but was locked up and his offets were seized. Among them he says were the notes he had made for years concerning socialism and the condition of workingmen in the different countries he had. The police also found.

ing socialism and the condition of workingmen in the diff cent countries he had visited.

The police also found a copy of a French newspaper, La Libre Parole, which is an ofgan of the socialists, and two photographs, the of these was the Hotel Lambert, which Lambert said he had once owned in Gartemain, and the other was a portrait of Zolongo, who killed President Barries during the revolution. Other papers showed that he had been mixed up in the revolutions in San Saiva der and Gautemain, but he said that was as far back as 1817 and before he was an American citizen.

Continuing, Lambert said that the discovery of these papers made the Venezue lais very litter against him and he was thrown into a dungdon. Lambert declared that the treatment he received in prison was extremely cruel. He charges that his capters beat him and that he was attain up by the thumbs until he was exhousted, in another occasion he asserts he was held up like a jackkuife by his grards, a wooden stare was placed under his kneps and nis arms bound to the projecting ends. He was afterwards taken uncenselous. He was afterwards taken un

Honest

The first brewery of Jos. Schlitz was a hut, but the beer that was brewed there was honest. That was fifty years ago. Today the magnificent Schlitz brewery forms a monument to that

From the very beginning the main object has been to attain absolute purity. In Schlitz beer pure yeast was first introduced in America. In the Schlitz brewery are all the inventions men have made for protecting beer from impurities.

Schlitz beer is even cooled in filtered air; then it is filtered, then sterilized. It is well aged to avoid the cause of biliousness.

Ask your physician about Schlitz, the beer that made Milwaukee famous.
